

Certificate of Analysis

GENOVIS

Issued June 2023

| | |
|----------------------------|--|
| Product Name | FabALACTICA® Immobilized Microspin |
| Product Number | A0-AG6-010, A0-AG6-050 |
| Product Lot Number | A0AG6-16F01R |
| Product Composition | Highly cross-linked agarose resin with FabALACTICA |
| Manufacturer | Genovis AB |
| Storage Temperature | + 4-8°C |

| TEST | SPECIFICATIONS | RESULTS LOT |
|------------------------------------|---|-------------|
| Enzyme Activity by SDS-PAGE | Digest \geq 90% of 0.5 mg hIgG/100 μ l resin in 150 mM sodium phosphate pH 7.0 o/n* at room temperature | Pass |
| Bioburden | 0 cfu/100 μ l resin** | Pass |
| Production Date | | June 2023 |
| Exp. Date | | June 2024 |

* 16-18h

**Tested on Dextrose Agar, Fluid Thioglycollate Medium and Blood Agar
